Re: ***DEADLINE for Comments Extended***: Systemwide Review of Proposed Revisions to APM 025 and APM 671

As announced via email and [memo dated October 25, 2021](#), the University invites comments on proposed revisions to the following policies on conflict of commitment:

- APM - 025, Conflict of Commitment and Outside Activities of Faculty Members;
- APM - 671, Conflict of Commitment and Outside Activities of Health Sciences Compensation Plan Participants.

Due to the significant impacts that are likely to result from these changes, campuses requested and received an extension to the original deadline. The new systemwide deadline is March 1, 2022. However, in order to submit responses on time, ***please send me your questions or comments at the email below by Friday, February 25, 2022.***
