Re: October 1 Range Adjustment for Academic Student Employees

I am writing with an update regarding the academic student employee range adjustment. The UC Path Center (UCPC) ran the update at the end of last week but programming defects resulted in a large number of jobs not having the new October 1, 2019 rates applied. We have provided UCPC with a list of all jobs that were not ranged. The UCPC is continuing to work on the problem and is assuring campuses that the rates will be applied correctly and in time to be reflected in the next paychecks. Departments do not need to take any action at this time. We will be monitoring reports centrally once the UCPC has completed the process.
