Re: October 1, 2015 salary scale adjustment for Graduate Student Researchers

The Office of the President has issued the October 1, 2015 salary scale for Graduate Student Researchers. The scale represents an increase of 4%. The adjustment to salaries already entered into PPS will be done centrally and the new rates will be reflected in the November 1, 2015 paycheck. Departments should not make any changes to rates already entered in PPS. Departmental PPS preparers will be notified once the dates of the PPS freeze have been determined. The new salary scale is available on the Academic Personnel web site at
