Re: Call for Edward A. Dickson Emeriti Professorship Nominations

The Dickson Emeriti Professorship is awarded on an annual basis for a term of one year to an emerita or emeritus faculty member. The funds associated with the Professorship may be used to support the research or creative activity, recall teaching appointment, or public service of the holder of the Professorship. This year, a stipend of \$15,000 will be provided. Past Dickson Emeriti Professors have used this appointment to pursue research and creative projects, contribute to the curriculum, and pursue collaborations with faculty and students.

The departmental recommendation should explain the benefit that the proposed appointment would provide to the department, the campus, or University as a whole, as well as a detailed budget. Recommendations should be submitted to my office via the appropriate Dean's office by November 4, 2022. Questions may be directed to June Betancourt at june.betancourt@ucsb.edu

We appreciate the ongoing contributions of our emeriti faculty and welcome opportunities to support their ongoing work and further their connections with our colleagues, students, and academic community. I urge you to consider submitting a nomination. Thank you.
