ADDITIONAL COMPENSATION
 (Revised 4/19)

General Policies

Reference: APM 660

Additional compensation is any compensation, paid to an academic appointee by the University in excess of their full-time salary. The term "University" includes all campuses within the UC system. The term "additional compensation" refers only to compensation paid through the University payroll system and is not used to refer to compensation for employment outside of the University.

Additional compensation during the Summer quarter is allowed for academic appointees paid on a 9/12 basis. This is possible because the individual works for the University from September through June, but receives 12 paychecks spread over the year. If they do additional work for the University during the Summer, they can be paid additional money. They will continue to receive their regular pay as well as the additional compensation. All ladder rank faculty, as well as those in the Visiting Professors, Adjunct Professors, and Lecturer SOE series are eligible to earn additional compensation. Non-Senate faculty (Lecturer, Supervisor of Teacher Education, etc.) may also earn additional compensation subject to Article 37 of the Memorandum of Understanding. Additional compensation payments for research activities are made at the 1/9th rate based on the annual salary at the time of the activity. Additional Compensation payments for Summer Session teaching are made on a flat rate basis. The total additional compensation during the summer may not exceed the equivalent of **3/9ths of the faculty member's annual salary.**

Additional compensation during the academic year is allowed only for duties not directly related to the individual's recognized University duties. Examples of this include department chair stipends, Professional and Continuing Education teaching, lectures given on other UC campuses and faculty consulting.

Additional compensation for fiscal year academic employees is generally not allowed, with the exception of some types of honoraria and Summer Session teaching.

Red Binder VI-14 and VI-17 provide further detail regarding specific types of additional compensation.

Other than the specific types of service covered by policy and applicable bargaining agreements, Academic appointees may not be employed beyond 100%.

Additional compensation for the summer period is calculated using the "Daily Factors 19-day Chart (Red Binder VI-12). The chart is used to determine the percentage of time and effort equivalent to the number of summer days worked. Each day during the summer can only be used once and the total percent time for each day may not exceed 100%.

Summer additional compensation may only be earned during the designated summer period. This is the time period from the day following the last day of final exams in the spring, through the last day before classes start in the fall. The dates represent the available days in each month of the summer period. This information will be updated on an annual basis. For transactional purposes the service days are converted to a percentage spread over the coinciding pay period. Because available service dates may exceed 19 in a given month, service days beyond 19 in a month may be paid on a secondary position/job up to the maximum allowable percentage of time in the service month.
