

Field of Study

Accounting
Acoustics, optics/phototonics
Aerospace, aeronautical and astronautical engineering
Agricultural business and management
Agricultural Economics
Agricultural sciences/natural resources, aggregated
Agronomy, horticulture science, plant breeding, plant pathology, plant sciences-ot
Algebra
American history (U.S. and Canada)
American literature (U.S. and Canada)
American/U.S. studies
Analysis and functional analysis
Analytical chemistry
Anatomy, developmental biology
Animal nutrition, poultry science
Animal science, other
Anthropology, cultural
Anthropology, general
Anthropology, physical and biological
Applied mathematics, computing theory
Applied physics
Archaeology
Architecture/environmental design
Area/ethnic/cultural studies
Art history/criticism/conservation
Asian history
Astronomy
Astronomy, Other
Astrophysics
Atmospheric chemistry, atmospheric sciences-general, atmospheric sciences-other
Atmospheric physics, meteorology
Atomic physics, polymer physics
Bacteriology, parasitology
Behavioral analysis
Biochemistry
Bioengineering and biomedical engineering
Bioinformatics
Biology/biomedical sciences, general
Biomedical sciences
Biometrics and biostatistics
Biophysics (biology)
Biophysics (physics)
Biotechnology, biology/biomedical sciences-other
Botany, plant pathology, plant physiology
Business administration and management

Cancer biology
Cell/cellular biology and histology
Chemical engineering
Chemistry, general
Chemistry, other
Civil engineering
Classics
Clinical Psychology
Cognitive psychology and psycholinguistics
Communication research
Communication, aggregated
Communication, general
Comparative literature
Computational biology
Computer and information science, general
Computer and information science, other
Computer engineering
Computer science
Condensed matter/low temperature physics
Counseling
Counseling education/counseling and guidance
Criminal justice and corrections
Criminology
Curriculum and instruction
Dairy science
Demography, gerontology, statistics, urban affairs, social sciences-general, social sciences-specific
Developmental and child psychology
Drama/theater arts
Ecology
Econometrics, economics
Education and human resource studies/development
Education, general
Educational administration and supervision
Educational assessment/testing/measurement
Educational leadership
Educational policy analysis
Educational psychology (education)
Educational psychology (psychology)
Educational statistics/research methods
Educational/instructional technology, media design
Electrical, electronics, and communications engineering
Endocrinology, human/animal pathology
English as a second or foreign language
English language
English literature (British and Commonwealth)
Entomology
Environmental health engineering

Environmental health, public health
Environmental science
Environmental toxicology
Environmental toxicology, toxicology
Epidemiology
Epidemiology
European history
Evolutionary biology
Experimental psychology
Family psychology, human development and family studies
Family/consumer science/human science
Fields not elsewhere classified, aggregated
Film/cinema/video studies
Finance
Fishing and fisheries sciences/management
Fluids physics
Food science, food technology-other
Forest biology, forest management, wood science, forestry sciences-other
Forest engineering
French, Italian
Gender and women's studies
Genetics-human/animal, plant genetics
Geochemistry, mineralogy
Geography
Geology
Geometry/geometric analysis
Geomorphology, geological sciences-general, geological sciences-other
Geophysics and seismology
German
Health and behavior
Health and medical psychology
Health education
Health policy analysis
Health sciences, aggregated
Health systems/services administration
Hebrew
Higher education/evaluation and research
History, aggregated
History, general
History, science and technology and society
Human resources development
Immunology
Industrial and organizational psychology
Industrial engineering
Information science and systems
Inorganic chemistry
International education

International relations/affairs
Kinesiology/exercise physiology
Latin American
Latin American history
Letters, aggregated
Linguistics
Literacy and reading education
Logic, topology/foundations
Management information systems/business statistics
Marine biology and biological oceanography
Marketing management and research
Mass communication/media studies
Materials science engineering
Mathematics education
Mechanical engineering
Medical physics/radiological Science
Medicinal chemistry
Microbiology
Middle/Near East studies
Molecular biology
Music
Music education
Music performance
Music theory and composition
Musicology/ethnomusicology
Natural resource/environmental economics (social sciences)
Natural resources/conservation
Natural resources/environmental policy
Neuropsychology/physiological psychology
Neurosciences and neurobiology
Nuclear chemistry
Nuclear engineering
Nuclear physics
Number theory
Nursing science
Nutrition sciences
Ocean/marine sciences, aggregated
Oceanography, chemical and physical
Operations research, mathematics/statistics-general, mathematics/statistics-other
Organic chemistry
Organizational behavior
Other aggregated business fields
Other aggregated languages
Other education, aggregated
Other engineering, aggregated
Other humanities, aggregated
Paleontology, stratigraphy

Parks/sports/recreation/leisure/fitness
Particle (elementary) physics
Pharmaceutical sciences
Pharmacology, human and animal
Philosophy, ethics
Physical chemistry
Physical education and coaching
Physics, general
Physics, other
Physiology, human and animal
Plasma/fusion physics
Political science and government
Polymer chemistry
Professional fields, general
Psychology, aggregated
Psychology, general
Psychometrics
Public administration
Public policy analysis
Rehabilitation/therapeutic services
Religion/religious studies, Jewish/Judaic studies
Rhetoric and composition
Robotics
School psychology (education)
School psychology (psychology)
Science education
Social psychology
Social work
Social/philosophical foundations of education
Sociology
Soil chemistry, soil sciences-other
Spanish
Special education
Speech and rhetorical studies
Speech-language pathology and audiology
Statistics (mathematics)
Structural biology
Structural engineering
Systems engineering
Teacher Education, aggregated
Teaching fields, aggregated
Technical and industrial arts education
Technical education
Theology/religious education
Theoretical chemistry
Unknown field
Urban education and leadership

Urban/city, community and regional planning

Virology

Wildlife biology

Wildlife/range management

Zoology
